

Lapa1's Story

Why did things change?

- Conference this time last year.
- Who are OUR e-safe vulnerable children? Are they the same as our 'vulnerable children'?
- Do staff know these pupils?
- What is our current picture?

So what...

- We created our own online questionnaire (Google docs)
- Used information from Dudley survey to create our own purposeful questions

Results

Impact

- Shared this information with parents- more powerful than generic statistics
- Created a list of 'Our e-safe vulnerable children'
- Shared the list with staff

Next Steps

- Currently creating a document to support teachers in when to log an e-safety issue on (CPOMS)
- Re-design our e-safety curriculum to suit needs of 'Our' children- Social media education?
